

CAJO PRINTER FOR METZNER AM

Perfect combination for individual laser marking on the fly during cable processing

TECHNICAL HIGHLIGHTS

- Fast marking on the fly with automatic speed adjustment to the cut and strip machine
- Permanent cable marking
- Print text and position managed by cut and strip machine's software
- No consumables
- Environmentally friendly – no solvents

CAJO PRINTER FOR METZNER AM

The Cajo Vega is a completely automatized laser marking solution for continuous cable and wire marking. The marking solution enables high-speed marking on the fly while delivering optimal marking results. Cajo Vega is capable of permanently marking a wide range of cable materials.

Full integration of the laser printer to the cut and strip machine makes the marking and customization of marking content simple and flexible. The software of the cut and strip machines makes it possible to add variable marking information and manages as well the positions of the printings.

TECHNICAL DATA	Model	CAJO LASER FOR METZNER AM
	Dimensions (L x W x H)	1,000 mm x 650 mm x 1,650-1,850 mm 39.4" x 25.6" x 65" - 72.8"
	Electrical connection	230 V 50 Hz or 110 V 60 Hz
	Height of cable center line from the floor	960 mm to 1,160 mm 37.8" to 43.3"
	Weight	130 kg 287 lbs
	Ambient conditions	15° - 35° C 59° - 95 ° F; ≤ 80% humidity
	Consumption	200 W
